

THE QUEBEC SKI CLUB

By the Secretary

THE old Quebec Ski Club (one of the oldest ski clubs in Canada) showed, during the winter season of 1924-25, that they were steadily improving in the ski-ing art.

The jumping competition which was held at Sandy Bank, attracted great crowds to witness the show, as well as many competitors from all over the country.

The new ski jump was built under the supervision of Ivan Nelson, a member of the Quebec Ski Club and a champion of Canada.

Several excellent jumps were made at the local championship competition, Ivan Nelson winning, his longest jump being 119 feet.

The Cross-Country Race also proved to be a very interesting event, some thirty members taking part, and excellent times were made.

The race was won by D. O'Connell, J. G. Coote coming second.

The Ladies' Ski Race was won by the Byrne sisters, Miss Ursula coming in first and Miss Helen a close second.
