Millions of Dollars are being Made In Canadian Mines!

Why not
take YOUR
Share of
this Rich
Harvest?

Ninety per cent of the world's known mineral bearing rocks are right here in Canada. Gold is plentiful, silver and copper are abundant. Millions of dollars await those who care to take it.

Why let this glorious opportunity pass by?

Men who have invested in mines have already made millions. \$700 invested in Hollinger Mines in 1909 is worth \$16,400 today. \$700 in Wright-Hargreaves Mines in 1915 is worth \$25,250. \$750 invested in Teck-Hughes in 1920 has now a market value of \$16,950.

TODAY EVEN GREATER THINGS ARE AHEAD. GREATER GAINS ARE POSSIBLE DURING THE COMING BOOM IN CANADIAN MINES.

JAY COPPER GOLD MINES is a real mine in the making with a shaft already down five hundred feet. Ore has ALREADY BEEN SHIPPED TO THE SMELTER and assayed at from \$15 to \$30 a ton. The company owns over 2,682 acres in the richest mineral belt in the district.

BUY JAY COPPER-GOLD TODAY. DO NOT WAIT.
SHARES ARE ONE DOLLAR EACH NOW.
