# Northland Skis

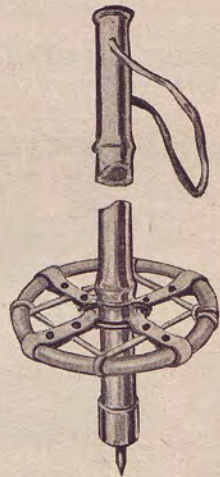

## Used by Every National Champion Since 1917

The fact that 90% of the country's leading skiers choose Northlands—that they have been used to win every National Championship since 1917 is proof of outstanding superiority. It's proof that Northland Skis have the strength, speed and perfection of design demanded by men who know the sport. If you are interested in truly fine skis—if you cannot be satisfied with anything less than the best of material, design and workmanship—follow the lead of experts, and choose Northlands.

The Northland Adjustable Ski Binding is popular for cross country skiing. The side irons are very simply adjusted to fit any ski boot. Other popular types of bindings for jumping.

**FREE** Northland catalog fully describes the entire Northland Line of Skis, Toboggans, Hockey Sticks, Snow Shoes and accessories. Send for your copy.

**Northland Ridge-Top Racing Skis** are the aristocrats of the famous Northland line. Perfectly made of the choicest white hickory. Fast, strong and flexible.

**Northland Elite Ski Pole.** An exceptionally attractive and high-grade ski pole. Large rattan snow ring, with rawhide webbing. You cannot get a finer pole.

**S**PEAKING of ski jumping, it would be quite a jump that would carry you from the Lookout on Mount Royal to the roof of the Mount Royal Hotel. But it looks possible. And, if you can't make it in one "yump," make it in two.
