From One Mount Royal to Another

SPEAKING of ski jumping, it would be quite a jump that would carry you from the Look-out on Mount Royal to the roof of the Mount Royal Hotel. But it looks possible. And, if you can't make it in one "yump," make it in two.

THE DEACON SKI-SUIT

SKI CLOTHING governs the success and enjoyment of the skier. To be warm and lightly clad is the desired combination. Comfort and freedom can only be derived from specially designed garments.

THE DEACON ski-outfits are made of Grenfell Cloth, England's best all-weather fabric. It is windproof, showerproof and snowproof; light in weight and allows the body's moisture to escape. It has no chemical proofing; makes it a long-lasting fabric.

DEACON shirts, kittles, slacks, plus-fours, Grenfell cloth mitts and snuglets may be purchased at all leading stores or write direct to
