OUR CHARTER COACH DEPARTMENT

A chartered motorcoach is an excellent way to transport a hockey or ski team to its rival's territory. Rates are most reasonable and the coach belongs to the players for as long as they care to engage it. There is a feeling of ease and freedom when travelling by charter coach. There are no other passengers aboard save your own party, and the careful and courteous driver is at your command.

Given long experience, a strong body, nerves of steel—even then a champion falters if he doesn't take precautions. And taking precautions is what makes a champion. For no one knows better than he how exertion and strain saps vitality. An athletic supporter is an essential in any sport. It is the only safeguard against strain and resulting dangers. But more—it prevents fatigue and conserves energy. So whether you indulge in the thrills of a Slalom or are only out with the gang for a cross-country run—guard the vital zone. Get acquainted with the PAL Blue Streak Athletic Supporter. It gives perfect tailored fit. The new-type webbing is soft and extremely flexible. It does not stretch out of shape. There are no bumps, wrinkles or binding. The new PAL Blue Streak wears longer—it is made by a famous surgical dressing house, Bauer & Black Limited.

The fur-like quality of Hudson's Bay "Point" Blankets is the result of over a hundred years of experience in the Canadian North and so it is natural that they are the ideal blankets for sportsmen of to-day. In the ski lodges of the Laurentians and the hunting lodges of the Rockies you will see these blankets and will meet men who consider "Point" Blankets essential.
