**Nelson Ski Club**

WE WERE very unfortunate last season in not having any snow on our jumping hill. However, Roy and Danny McKay, Art Grodzki, Bill Anderson, Verne Ahrens and other jumpers participated in several tournaments placing among the top performers.

At Salmo in January many of our members attended that club's first ski tournament. A disastrous car accident on the slippery road cost the lives of two of our most popular members, Mr. Roy Bradshaw and Jean Smith. We will miss them both when the snow gets on the ground again.

Several parties of skiers took week-end trips to the Silver King Ridge throughout the winter. Bud Greenwood and Danny McKay made the first trip on October 19 but had to climb right to the top before donning the "boards." There was still 25 feet of snow on the ridge on the last trip on May 1, but on the lower levels the snow was too soft for pleasure.

This year we hope to have enough snow on our hill to invite the other clubs to accept our hospitality.

In closing we wish a very successful season to all clubs and "Many Happy Landings."

**Kimberley Ski Club**

THE 1935-36 SEASON was a successful one for the Kimberley Ski Club. At a dance early in the fall we managed to raise enough money to erect a small cabin, which certainly was a good investment for the club as the people of Kimberley are becoming ski-conscious. On week-ends, the North Star Hill was covered with skiers of all ages and classes.

The cabin was opened on December 12 with a china shower. Picnics and ski parties were held there right up to the end of March.

The club felt that a bigger cabin was essential so at the annual meeting they decided to build a big log cabin with a fireplace.

Some of the members have spent all their spare time this spring and summer in getting it built; thanks to all those who helped in any way the club will have a splendid headquarters this coming season. The Consolidated Mining and Smelting Company has assisted us greatly in the construction of our cabin.

The Kootenay Zone Championship held here February 8 and 9 was a great success, even though Jack Frost tried to burst the bulb of the thermometer. Miss H. Thorliefson won the ski queen contest and royally did she rule the carnival.

N. Kaldahl of Wells won the Challenge Cup for jumping. A. Johanson, Kimberley Ski Club, won the aggregate challenge cup and also the Kootenay Zone Championship. He also gave the first exhibition of the slalom ever shown here. The ladies' races, senior and junior, were run over the same course. Miss Joyce Muir surprised everyone by making such quick time and winning the Gardiner-Denver Challenge Cup.

Nels Nelsen, Western Vice-President, was with us to see the jumping. At the banquet in the evening, he presented the prize winners with their trophies. He also gave a short address on the ski situation in Western Canada.

The club was represented at Salmo, Princeton, Seattle and Vancouver and secured several trophies.

**UNDERWEAR**

Our junior skiers organized and held the final competitions for the club championships on March 8 and 16.

The slalom and downhill races were run with some splendid results considering that it was the first time the club ever had such a competition. W. Hepper, a junior, won the Cranbrook Hotelmen's Challenge Cup for the most outstanding skier in the East Kootenay. Miss H. Sutherland won the senior ladies challenge trophy and Miss J. Muir the junior. The girls have come ahead compared with previous seasons.

At the annual meeting last April, the club decided to ask for the Western Championship in cross-country and jumping to be held here, February 11 and 12, 1937. They also introduced a change by electing a new slate of officers, as follows:—*Honorary President*, A. Bruce Ritchie; *Honorary Vice-President*, E. S. Shannon; *President*, H. S. Fowler; *Vice-President*, E. Nord; *Secretary*, A. Watkins; *Treasurer*, E. Turner; *Registrar*, Miss H. Sutherland; *Directors*, B. Fontaine, Mrs. Fontaine and A. Johanson.

### *Columbia Junior Ski Club, Vancouver*

THE COLUMBIA JUNIOR SKI CLUB is purely a school organization, its main object being the promotion of ski-sport among school children. "Get them young" is our motto. Instead of the senior clubs filling up with recruits that can only stagger around on skis, they get skiers well-grounded in the rudiments. Good conduct and love of the out-of-doors are stressed as much as skill in ski-ing. Since the movement started in 1929 hundreds of children from nine to eighteen have been initiated to the sport. Girl skiers are as numerous as the boys.

The club consists of the following sections:—Cavell, Point Grey, King Edward, West Vancouver and St. George's. These groups work under their own instructors but combine for club events on tournament days. The following cups are competed for at Easter either on Grouse Hill or Hollyburn Ridge:—Ski and Sport Trophy—Slalom for elementary schools, held by Cavell; Spencer Cup—Jumping for elementary schools, held by Point Grey; Woodward Cup—Jumping for high schools, held by West Vancouver.

West Vancouver won the Woodward Cup in their first year of competition.

In the coming season competition will be done away with in the elementary schools and attention devoted only to instruction. Competitions will be held for high schools as follows:—Jumping, Slalom, Downhill.

Cavell under J. Henderson, and Point Grey under C. M. Hockridge, maintain cabins at Westlake and on Grouse Mountain respectively. Their combined membership is over 300. Both sections are greatly indebted to Nels Nelsen, Ivind Nelsen, Hans and Gunnar Gunnarson, and Doug. Manley for past services in the training of these young skiers, and to K. Grimsgaard for his expert technical advice.

### *Pioneer Ski Club*

OWING to the unusual weather conditions during 1935-36 resulting in a scarcity of good snow, the season was a little disappointing to the newly formed Pioneer Amateur Ski Club when compared with the previous season. Much, however, was accomplished in the way of organization, obtaining a cabin, and making ski hills. Membership reached a high of seventy. We maintained contact with Western Ski Zone representatives and became a member of the C.A.S.A.

The first Ski Club dance, held at Pioneer Mines, proved so popular it was decided to make it an annual event to be held on February 14 each year.

A cabin at Hawthorne Creek was obtained for our
