Price 25 Cents

Copies of this Annual will be sent postpaid by the publishers to any address on receipt of 25 cents per copy. Remit by cash, money order or stamps

*Famous
skiers use*

SKOL

SKOL—*when you ski!*

SKOL is made after a formula originally developed in Sweden for use by skiers and is used by leading skiers throughout the world.

Skol blocks out the harmful, burning sunrays and admits the beneficial sun-rays. It prevents snowburn and windburn and allows a natural, enviable tan.

Skol is not oily or greasy.
