Canadian Amateur Ski Association

Ski Tests

(Revised 1938)

1. The official ski tests are under the jurisdiction of the Technical Board of the Canadian Amateur Ski Association. The Secretary of the Association will keep a record of all successfully passing the tests, and their names will be published in the official Year Book of the Association.

2. The Tests are divided into two sections, A—Proficiency; B—Ski Jumping; First Class, Second Class, Third Class in each.

3. The tests may be taken only by members in good standing of clubs holding membership in the C.A.S.A. A charge will be made for the official ski test badges as follows: Gold, First Class, \$5.25; Silver, Second Class, \$3.25; Bronze, Third Class, \$1.25.

4. Clubs desiring to conduct tests will, through the Secretary of the Association, notify the Technical Board, who will appoint official judges for the same. Full instructions as to their duties will be furnished all judges. No one can qualify for a test unless two officially appointed judges are present, and only after

formal application has been made to and approved by their Club. Upon the successful completion of a test, a Certificate to this effect, signed by the two officiating judges, will be sent at once to the Secretary of the Association, accompanied by the badge fee, if desired.

5. Generally, no one may take the Second Class Test until passing the Third Class except at the option of the judges and the First Class is contingent upon passing the Second Class Test. The Technical Board alone may change this rule, and they alone may award badges at their discretion.

6. Three trials only will be allowed in any one part of a test, and all the parts of a test should be passed on the same day before the same judges, if, in their opinion, conditions so warrant; all parts must be passed in the same season.

FORM:—The judges will consider the form of the candidate as well as speed and execution. The distinguishing points of good form are: an easy, supple balance without dependence on the sticks; proper control of the ski at all times; execution of the turns without apparent haste or effort; and appearance of confidence and a resilient position.
